GPUs have to support OpenGL 3.3; otherwise, 3.2 is the oldest version that it supports. Intel® HD Graphics 3000 2nd Generation (e.g. i7-2640m) supports OpenGL 3.3. Jul 20, 2020 Intel® HD Graphics 4000 (e.g. Q45, Core i5-8400) has already supported the newest version, Open GL 4.5. 3D video technology and components In addition to the 3D graphics capabilities provided by Intel, Mac laptops with Intel HD Graphics support 3D video technologies such as Front Side Bus, PCI-express, and DisplayPort Advanced Source Engine™ hardware that provide the ability to directly use two of the three displays on Macs through a single physical connection or via adapters. See also Media acceleration Intel Integrated Performance Primitives References External links Intel® Graphics for Printers Reviews Macworld Article on Intel HD Graphics vs Nvidia GeForce GT 640M Macworld Article on Intel HD Graphics 3000 Macworld Article on Apple iMac (5K): Intel integrated graphics vs Nvidia Intel HD Graphics HD Graphics 2000/3000 Category:Computer-related introductions in 2009 de:Intel HD Graphics 2000 For the next two weeks, you can get an Apple TV 2 for just $100. The Apple TV 2 features an A5 chip and 64GB of internal storage, supporting the Bluetooth wireless standard. You'll also be able to use the Apple TV 2 with the Apple TV app in iOS 8. The Apple TV 2 will be available in black and white only, with a 3.5-millimeter audio jack and an HDMI output. Preorders will begin at 10AM Pacific time today, and will be available beginning Monday morning. Apple TV 2 is the first Apple TV to make use of the A5 chip, and the first Apple TV to support Bluetooth. (The original Apple TV released back in 2007 also had support for Bluetooth.) The Apple TV 2 supports 802.11ac Wi-Fi, and will offer up to 1080p full HD with 1080i support. The Apple TV 2 is compatible with the same apps as the Apple TV, including iTunes, Apple Music, HBO Now, Netflix, Hulu Plus, Plex, Vudu, and even GameCenter games on Game Center. Apple TV 2 will also support Siri Remote gestures, so you can use the Apple TV
