1) How to Play. Rise. A land in peril is before you. The land is being tilled as usual. In its turn, the land is being ploughed and the crops are being harvested. A human farmer rides upon his horse and pours the seed of his own body into the ground. Everyone is doing what they do day in and day out, in what they do. A vigorous, bountiful land. The plants then begin to attack and the farmer cannot fend off all of the attacks. The farmer succumbs to the attack, and when the plants have finished with him, they reveal a deep, unmeasurable wound. The farmer's body begins to rot. The farmer rushes out and grabs the first person he sees and asks him to do him a favor. "The blight, it's spreading. If I can just save someone, somewhere, anywhere. I won't refuse. But can you please do something? Please. Help someone. " That is the fate of the farmer, who has been tasked to save the land. Rise as a farmer and rule over the land. - When it's a custom game, you can only have one person host, so if two or more of you have a computer you plug it into at the same time, you're stuck with your hosts settings for the duration of the game
- They broke the party system
