What's new in RPG Sounds - Ranged - Sound Pack:

ages for Sonic Team's Jam Project Saturday, July 13, 2015 Ever wanted a ranged sound package just like Knuckles? This is my package featuring the soundtrack for Sonic Generation 3 with Knuckles as the protagonist (used in Sonic Colors and the Story Pack). The package also features Knuckles as an antagonist (used in Sonic Colors, Sonic Heroes, Sonic the Hedgehog 16-bit Arcade, and Sonic Generations). He's very varied here! This game is also one of my favorites from Sonic Team that I can count on one hand. There are no major changes here besides new weapons and effects and a few new opening/closing titles. There is one new opponent and two new bosses/enemies, but with their upgrades (except Ringman, who is his normal state). The only changes I notice in Sonic Generations are the chiptunes replacing the MIDI versions, improved sound effect sounds, and the new default weapon sound. I have music in here from Sonic the Hedgehog 3, Mega Drive Sonic Generations, and the Sonic & Knuckles demos for Genesis. Thursday, July 10, 2015 Welcome to "Sonic Sounds-Sonic Generations", by ShairosB. This is a sound pack featuring the tracks that I've used for Sonic Colors. (I'll be releasing a higher-quality version for Sonic Colors soon.) Like the Sonic Generations pack, this one features new features, songs, sound effects, and bosses. Some songs I've used on "Sonic Sounds-Sonic Generations" Song: Kingdom Come - Introduction (Showcase) (from Sonic the Hedgehog 4) Price: Free Sonic Generations Soundtracks ("Sonic Sounds") Music Description: * Between levels.
