Eric A walk through an enchanted forest, a toast with no alcohol, a beer served with friends, a little cottage, adventures in Latin America, and a fairytale. Erik lived a splendid, and somewhat wild, life - and thought he did too. Based on his own stories and chats with friends. Almost too much, he doesn't feel like talking. He feels like being with his friends and forget the rules of ordinary life and instead focus on the feeling of a friendly breeze in your face, a pleasant sensation caused by fresh nature. But for some reason, Erik, who is a practical person, finds it easy to come to a standstill. They are experiencing
