In Job, two groups of people are created. Heavenly beings (different levels of angel) Heavenly beings (same level) So, how many of each is created? A: The Midrash tells us that each day of creation there were 120 of each kind of angel. Thus, at the time of Job, there were: 120 Super-Angels 120 "Sons of God" 120 "Sons of the Power of the Highest" 120 "Sons of the Most High" 120 "Sons of God Almighty" 120 "Sons of God" or Asherim ("angels" in Hebrew) This is only the first level of angels. According to Jewish tradition, there were 10 more levels of angels. The list of levels may vary, but the Midrash generally lists the first 120 as "Sons of God" and the second 120 as "Sons of the Power of the Highest".
