that she is “devastated” after her first major fashion shoot in more than 40 years left her feeling underdressed. The 94-year-old star was set to appear in September’s edition of the iconic British Vogue Magazine, but – following her speech at the National Television Awards last week – she was asked to shoot in Basingstoke for a feature in the magazine’s September issue. “I am utterly devastated,” Dench told Vogue of her first fashion shoot since her Vogue cover in 1972. “So glad I was told in time to do something else, something I am

well qualified to do. But, really, I could die in here.” Dench was born in India in 1932 before moving to Britain at the age of five. She went c6a93da74d
